# CANAAN TRAVELS

## FOR COMFORT AND SAFETY

• TICKETING • IN/OUT BOUND TOUR/SAFARIS • CAR HIRE & RENTALS • HOTEL RESERVATIONS

Canaan Travels – founded in 2017 - is a Ugandan owned & managed company, that deals in both **Corporate Travel Management & Individual Travel Arrangements**.

Our wealth of experience stands behind our firm commitment to duly offer the best and finest breathtaking Wildlife Safaris & Tours, Beach Safaris and Holidays in Uganda, Kenya, Tanzania and Zanzibar. We offer exceptional air fares; tailor made itineraries, incentive travels, conference booking, family vacations, beach holidays, air and road packages and much more.

Canaan Travels is committed to offer all clients professional, personal and cost-effective travel services.

### Our Services

#### Safaris and Tours

We arrange tours to all National Parks, National Museums, Historical Sites and Mountain climbing tours for individuals or groups as per arranged Itineraries in East Africa. We will avail information on availability and costs within the shortest possible time.

#### Hotels and Lodge Reservations

We undertake Hotel and Lodge reservations in all major Eastern Africa cities on behalf of our customers at discounted rates.

#### Transport and Car Hire

Canaan travels maintains a fleet several vehicles; all well maintained and equipped with EPP radios and real time GPS tracking (Fleet management system). We have well trained drivers for all our vehicles to offer customer care and ensure safety standards of our clients.

#### Air Ticketing

We are a member of IATA and linked to the Amadeus ticketing system of reservations that gives our travel consultants direct access to airline information and data, destination visa and health information, enabling them to answer your requests accurately and immediately. Our travel consultants will find the most effective route with the cheapest airfare available on international and domestic tickets.

#### Conference Facilities

Our good working relationship with regional and international hotel chains enable us to negotiate on behalf of our client's competitive room arrangements or conference packages. We provide transport services for the delegates and on-conference support services at a minimal charge.

## **SCHOOL ANTHEM**

**Oh Little Angels Primary School,  
How proud I am for you are mine  
I sing your name, wherever I go  
For you are my beloved school**

**Almighty God you'll be with us  
In determining a bright future'**

**Oh Little Angels Primary Sghool  
How proud I am for you are mine  
I sing your name, wherever I go  
For you are my beloved school**

**Oh I live with sorrow now,  
And I lose my joy today  
Let me keep hoping that tomorrow  
You'll bring me joy and great success**

**Compiled by  
Pearl Tabitha P.7 O**

## INTRODUCTION AND BACKGROUND

**L**ittle Angels Nursery and Primary School is a school that was established in **2002** with one pupil, **Aine Timothy** the son to Director **Kanyesigye Patience** in her home, not forgetting **Rodgers Niwagaba** son to **Dr. Niwagaba, Isaac Akampurira** the son to **Ms Komuhangi Doreen** and **Vision Tumwesigye**, the son to **Mrs Akandeeba Deborah**, who later joined and all in the hands of **Teacher Susan** (May Her Soul Rest in Peace). With only two pupils in boarding section, **Namara Judith** and **Simon Musiime** in Director Patience's home as a dormitory.

Still in that year, the school started working officially as a private day and boarding primary school. The school has a dedicated management team that comprises of three Directors; **Ms Kanyesigye Patience**, who is the founding director of the school, **Ms Tumubweine Annie Bagira** who came in to give technical knowledge about schools and not forgetting **Mr. Niwagaba Alfred**, who was the first head teacher, Little Angels started to rise and shine.

It is located along Kobugabe Road, just **500M** from Ntungamo Town, Ntungamo Municipality, Ntungamo district, South Western Uganda. It is licensed and registered with the Ministry of Education and Sports, Registration number **PPS/L/52**.

The school also started with a well thought mission **“To provide an integrated education environment with love, support and joy in order to nurture the growth and potential abilities of each child irrespective of their special needs”**.

As a school with mixed gender (boys and girls), we set out an informed school motto “Preparing for

the future” to act as an integral guideline towards achieving our dreams. In addition to that, Little Angels’ vision statement (**To promote good morals and quality education**) has clearly impacted our learners to develop their steadfastness academically, socially and spiritually. We also strive to ensure that the child reach his/her all round potential in a supportive and safe learning environment.

The School comprises of 51 Staff members, three directors, one administrator, twenty-six teaching staff and twenty-one non-teaching staff. The school has the enrolment of 680 learners, 331 girls and 349 boys.

The school has tremendously continued to offer co-curricular activities that are geared to creating self-esteem and confidence among children through participating in tours, exchange visits with sister schools in debating and other activities, scripture union and drama.

Over the years, Little Angels has proved to be a regional model school in providing quality education excelling in Primary Leaving Examinations and also supporting the parents in achieving their children’s educational goals. The school has a well-motivated competent staff that work as a team to address the children’s career needs and shaping them to become morally upright people with a strong spiritual foundation.

Therefore, parents, teachers, well-wishers OBs and OGs, let us join hands in promoting the wellness and academic excellence of our Little Angels to greater heights. With God everything is possible.

**“Preparing for the future”**

*By Mr Atwiine Marvin*

## Message From The FOUNDING DIRECTOR

It is a time to pause and give thanks to the Lord for the blessings of Little Angels Nursery and Primary School. The journey to this goal was long, through the stubbornness of my son Aine Timothy at age of 3 years, the school emerged.

God planned and created a school for us to reap benefits, I salute the old boys and old girls, parents, service providers, employees of the school for the fruits reaped from Little Angels Nursery and Primary School. The path to get here was a long one but eventually travelled with persistence overtime.

I am so much grateful to many persons and special thanks to **Ms Komuhangi Doreen** and **Canon Robinah Nuwagaba** for being the think tank to the establishment of this school. Further thanks to **Mr. Mbekize** our contractor, to build the school premise, Joseline Hardware and Henkens Hardware for the supply of building materials on credit.

My special thanks also go to **Mrs. Tumwesigye (SIMBA)** who ensured that the boarding section started by admitting her daughter **Namara Judith** as the first boarder girl at my residence. I would like also to extend my sincere thanks to my Co-directors, **Ms Tumubweine Annie Bagira** and **Mr. Niwagaba Alfred** for the will and strength to maintain their faith in God's plan for this school, thank you so from the bottom of my heart. The journey has been long but Lord, you comforted us and when we were down and afraid you pushed us forward to move on.

Trust us, with every obstacle that was thrown to us, we are a living testimony that God will move mountains and make things happen. We realized that finding joy in little things bring big things, here is Little Angels Nursery & Primary School, **"The Pace Setters"**. We are grateful for all the things that have gone right to bring us where we are. I would like to thank our old and new parents, well wishers and friends for the unending support on this journey.

Furthermore, let me take this opportunity to appreciate the management team, the teaching and non-teaching staff for the efforts rendered towards this achievement.

We have started the period of blessings and many positive attributes, God has set a path for Little Angels Nursery & Primary School, we are truly thankful to Almighty God.

**Jeremiah 29:11, "For I know the plans I have for you, declares the Lord, plans to make you prosper not to harm you, plans to give you hope and future"**. With God everything is possible. Thank you, Lord! Be blessed Little Angels Nursery & Primary School.

*"Preparing for the future"*

**MS KANYESIGYE PATIENCE**

*Founding Director*

## Message From The DIRECTOR

**W**e bless the Lord for His never failing grace on those who put their trust in Him. Indeed Proverbs 3:5-6, cannot be less relevant in such a moment when we celebrate twenty **(20) years of existence.**

“Trust in the Lord with all your heart, and do not lean on your own understanding; in all your ways acknowledge Him, And He shall direct your paths.” True, it’s been a journey of trust... for without Him, we are and can do nothing.

When **Director Patience** approached me with the idea of beginning a school, I was skeptical at first since I had spent two years at KPS (**Kabale Preparatory School**) hence thought I would be disorganized at the new station. I later made up my mind I gave it a try. And have never looked back again since 2002.

The journey, like any other “growth / development” has not been short of challenges. The fact that **Director Patience** had a full time job with Ntungamo LG and I, with KPS leadership, we were initiated into the management by crisis to a point of almost giving up on the project. But as God’s ways are usually different from ours, it was at that point that **Director Alfred Niwagaba** was convinced to abandon his government job at Kabale Preparatory School joining as head teacher in 2006, turning around the course of events.

I particularly thank God for the far He has brought us...we cannot boast of either our wisdom or strength rather His grace for each step decision.

I wish to appreciate and applaud the parents, both teaching and nonteaching staff and other stakeholders who have stood and walked with us through thick and thin to realize our dream and ultimately, **SETTING THE PACE.**

I conclude with the words of Paul in Phil 3:13\_14

“We do not count ourselves to have apprehended;.... but press toward the goal...”

PREPARING FOR THE FUTURE, GOD’S BLESSINGS  
SHALOM!! SHALOM!! SHALOM!!

**MS TUMUBWEINE ANNIE BAGIRA**

*Director*

## Message From The **DIRECTOR**

**W**ow looking back in the days, to date! It's been God all through for sure. I really want to thank God for Ebenezer, it's been really tough but fulfilling 20 years, with ups and downs still He has been so faithful. When I made up my mind to join my colleagues Director Patience and Director Annie, lots of people discouraged me and some encouraged me but nonetheless, I moved on honestly speaking and I have no regrets because the duo are such amazing souls that gave me room to explore all my potential and see Little Angels to greater heights.

20 years down the road, I have seen and taught hundreds of learners, small and big, weak and strong academically, majority of them have graduated, working and even married.

We have come from real grass to grace, small space to bigger space, from temporary structures to permanent, renting dormitories to our own, small numbers to relatively a good number, basically the list is endless.

We have had an extra ordinary staff both teaching and non-teaching, those that have left and those that are still serving, these folks have been incredible.

To our esteemed pioneers, you set a pace and we

have since been following suit and the sky is no more the limit.

Our beloved pioneer parents and current ones, we cannot thank you enough, you have risked, trusted and surrendered your beautiful souls to us, and we are determined to continue serving you, even better God being our helper!

I would like to take this opportunity to salute all those person's that have unreservedly supported the school in kind through all sorts of donations (food, drinks, building materials etc.) on special note Engineer Solomon plastered and finished a classroom. God bless you all.

Ms. Bagira Annie, thank you so much for giving me the earliest opportunity to exercise my potential, you

have been my mentor, parent, first supervisor in my career, colleague and friend.

Our beloved founding Directress (Director Patience) through whom the Lord spoke to start this mission, ministry and mighty institution, you will forever be blessed and you shall never lack.

Last but certainly not least, our Spouse Rose, who has always been strong a pillar through it and not forgetting our children who suffer and endure my absence at home. I owe you lots and love you so much.

God bless Little Angels, our dear parents, friends, well-wishers and God bless our Nation Uganda, For God and my country.

"Preparing for the future"

**NIWAGABA ALFRED**  
*Director*

## Message From The PARENTS' REPRESENTATIVES

### MY 20 YEAR JOURNEY WITH LAPS!!!!

It started all the way from 2002. One morning, my boss then and a friend Madam Patience told me about her idea of starting a kindergarten and wanted pupils. She had one pupil Timothy her biological son who was from a day care centre in Kabale and having not liked the available schools around, the idea developed within the mother to start for him a kindergarten. It all came up from

Timothy, bravo Timothy!!!!

Because I so loved Patience, I never hesitated, and accepted to give her my son Isaac Akampurira who was a year older than Timothy. Within a day Chief Deborah also accepted to give in her son Tumwesigye Vision to join the two boys. The journey started, other parents entrusted Little Angels kindergarten and gave in their children as pioneers one by one and the number increased to around 9 pupils.

I can't forget the one whom we entrusted with our children none other than Late Susan (RIP) who was the head teacher and teacher most importantly who labored and composed our "School Anthem"!

There came an idea of choosing the name of the kindergarten, school anthem and the motto. Thanks to the Directors who accepted my proposal of the motto "Preparing for the future" which is still standing. The then Kindergarten turned into bigger "LAPS" we all see now. Thank God.

The school was operating in a rented house near the District headquarters. The search for the school permanent premises started, thanks to the school directors who accepted my choice and bought the land where the school is currently located. Ask me about the school land details, I will tell you!!!! Bravo LAPS' Directors.....!!!

I thank God for this 20 years Journey though it hasn't been so easy. I thank the directors, teaching and non teaching staff of Little Angels P/S for the resilience, hard work, love, and everything you have done for us as parents, and neighbours, without forgetting your OBs and OGs. Director Alfred in particular, thank you for the follow up you do to the school OBs and OGs.

Management of LAPS, thank you for your policy of supporting the "weak" but "resilient" parents in educating their children. Your policy has enabled our children to raise up to higher heights. Bravo LAPS!

LAPS, thank you for the development you have brought in the communities around you especially in terms of employment for both professional and non professional without forgetting security of our properties. With your security, we neighbours are protected, bravo LAPS.....!!!

May God keep LAPS "Preparing for the Future". Long live LAPS Long live Directors and the entire LAPS community.

I remain,

**KOMUHANGI DOREEN**

*Pioneer parent*

*Greetings to my fellow parents, Directors, teaching and nonteaching staff, well-wishers and everyone that has an attachment to Little Angels Nursery and Primary school.*

*I have been a parent in this school since 2006. All my children have passed through our beloved school. The two at the university, one in form one and the current one in P3. I decided to choose Little Angels because of its strong foundation, mainly based on fearing God. The discipline instilled in our children, the academic part as well as the self-esteem has helped our children to achieve a lot and explore the height.*

*Fellow parents will testify about our beloved school. Long live our directors, our former and current parents, teaching and non-teaching staff and our school. God has been our strong foundation and has sustained us up to now. All we have to say is EBENEZER.*

**SUSAN KARUHANGA**

*PARENT 2006 to date.*

## Message From The ADMINISTRATOR/ HEADTEACHER

**E**minent Guests, parents, staff members, our learners, friends, old boys and girls other well-wishers of Little Angels primary School. I welcome you in this new Edition of commemorating 20th anniversary today 8th October, 2022.

Allow me thank God for his endless love and grace for opening the eyes of the vision bearer Ms. Kanyesigye Patience as a founder director of this amazing school who later joined by other two directors (Ms. Tumubweine Annie Bagira and Mr. Niwagaba Alfred).

Since its inception in 2002, what has been achieved over this time has been of concerted effort from the management, staff, learners and parents. All these stakeholders leading to mutual enforcement have created an atmosphere of trust, reliability, dependability and common understanding setting the stage accomplishable agenda.

Little Angels Primary School- Ntungamo is well known as a Centre of Academics excellence since 2008- 2020. We jump the year of 2021 because was a dead year due to COVID -19. This is well described below;

| YEAR | DIV 1 | DIV 2 | DIV 3 | DIV 4 | TOTAL |
|------|-------|-------|-------|-------|-------|
| 2008 | 3     | 4     |       |       | 7     |
| 2009 | 11    | 4     |       |       | 15    |
| 2010 | 14    | 2     |       |       | 16    |
| 2011 | 13    | 4     |       |       | 17    |
| 2012 | 19    | 4     |       |       | 23    |
| 2013 | 22    | 1     |       |       | 23    |
| 2014 | 21    |       |       |       | 21    |
| 2015 | 32    | 3     |       |       | 35    |
| 2016 | 25    | 8     |       |       | 33    |
| 2017 | 47    | 8     |       |       | 55    |
| 2018 | 44    | 3     |       |       | 47    |
| 2019 | 57    | 15    |       |       | 72    |
| 2020 | 45    | 12    |       |       | 57    |
| 2021 | CORO  | NA    | VIRUS | YEAR  |       |

Children / Adults who have passed in little Angels have acquired unique qualities to differentiate them from others in the whole world.

These qualities include God fearing, empathy, Patience, hard work, humility, smartness, rigor, and many others which makes them remain as team and live as blood brothers and sisters. All the qualities have made our old boys and girls good examples and employees on their jobs because they applied what they learnt from Little Angels and at the same time they refer back to their beloved school by telling their colleagues how they love their primary school. Keep shining little Angels Old boys and Girls. Bravo! Bravo!

### Quotes:

*"Only the best is good enough"*

*"Where everyone is accountable everyone wins"*

I will end by thanking everyone who has pushed us to reach this far. We have always been good pace setters and we still claim the seat to move forward by "Preparing for the future" as our motto says.

**MS NAHABWE PHIONAH**

*Administrator/ Head Teacher*

## Message From The DEPUTY HEADTEACHER

It gives me colossal gaiety to write this message especially dedicated to my beloved Little Angels. After 14 years of service in this field, what tickles my mind is that “success comes those who work hard and stay with those who rest not on past’s experiences”.

For a vicennium now, culture i.e. smartness, academic excellence, and pride for being a Little Angel and humility in response to discipline have made Little Angels Primary School elevate. We are now a model to others having dominated nationally and internationally due to testimonies by our products that have been the ambassadors of great change. This frame has caused the Little Angels Community the PACE SETTERS; indeed we are the “Winking at a bevy in the dark”.

We are growing steadily producing great citizens and statesmen because the world is growing at rapid rate, so we as educators, need to sight and re-echo on the entire system of education.

Our school is not only well equipped to nurture our children to face global challenges that the future may hold, but also train on how to deal with nature. Working tirelessly for my school is my hobby. Producing original products gives me morale to think beyond the box. For this reason children have to be taught how to think but not what to think. Here at

Little Angels Primary School, we do this beyond the fact that the sky is barely the limit.

To our esteemed PLE candidates, as you prepare for your lifetime PLE, please learn wisdom from the ways of a seedling. A seedling that has never been hardened will never grow into a productive planted. You are the torch bearers. You are the champs. Let not anything disband your capabilities instead learn from the obstacles. The bottom is the wettest, so strive to reach the summit.

As we approach 20 years, I hope by comprehending this magazine, our excitement will be shared and acknowledge the sheer energy that pervades Little Angels Primary School.

I salute and commend the entire community of Little Angels Primary, TRIO (Directors) for their strong bond towards elevating the institution to greater heights. The fellow administration for their tireless efforts accorded to the institution, staff and management for their outstanding wisdom endowed and analytical approach in the teaching and learning process and experience at Little Angels Primary School, for we are indeed “Preparing for the future”.

**MUGISHA GIDION**

*Deputy Head Teacher - Administration*

## Message From The DIRECTOR OF STUDIES

**M**y heartfelt and sincere gratitude to the organizers for this zeal and determination they exercised in publishing this 2022 magazine which is the first of a kind for Little Angels Primary School.

I thank the almighty God for his favour, grace and unfailing love that has seen us through this in life.

It will be cheating to embark on educative issues in Little Angels Primary School without passing a word of appreciation to the school proprietors who have kept to the vision of this institution and seeing that the institution strives to greater heights.

Thank you, Directors; Mr. Niwagaba Alfred, Ms. Kanyesigye Patience and Ms. Annie Bagira Tumubweine for this vision which answers the government's strategy of reducing illiteracy and promoting good welfare for Ugandans.

Thank you our administrator Ms. Nahabwe Phionah who ensures that all academic Excellency and non-academic affairs are well handled in this institution not forgetting the Deputy Head teacher- Mr. Mugisha Gideon and the entire staff for the academic Excellency reached as we educate to build our nation.

In the academic arena, we embrace the national curriculum for the National Curriculum Development Centre (NCDC) in which subjects like, Science

Mathematics, English and Social studies are taught. We also front for the co-curricular activities like CAPE I, CAPE II and CRE. But to ensure that teaching and learning process is complete we ensure adequate testing as a checklist on the teaching and learning process.

### PERFORMANCE

Our academic trend has been rising year after year which has made Little Angels a giant school in Ntungamo district. Our school has sat for PLE since 2008 and has tremendously performed as follows;

| YEAR | DIV I | DIV II | DIV III | DIV IV | TOTAL |
|------|-------|--------|---------|--------|-------|
| 2008 | 03    | 04     | 00      | 00     | 07    |
| 2009 | 11    | 04     | 00      | 00     | 15    |
| 2010 | 14    | 02     | 00      | 00     | 16    |
| 2011 | 13    | 04     | 00      | 00     | 17    |
| 2012 | 19    | 04     | 00      | 00     | 23    |
| 2013 | 22    | 01     | 00      | 00     | 23    |
| 2014 | 21    | 00     | 00      | 00     | 21    |
| 2015 | 32    | 03     | 00      | 00     | 35    |
| 2016 | 25    | 08     | 00      | 00     | 33    |
| 2017 | 47    | 08     | 00      | 00     | 55    |
| 2018 | 44    | 3      | 00      | 00     | 47    |
| 2019 | 57    | 15     | 00      | 00     | 72    |
| 2020 | 45    | 12     | 00      | 00     | 57    |

I want to inform you basing on the strategies laid, I feel that we are likely to move to greater heights in academics because we encourage wholistic teaching and developing an all-round child. As the mission states that; "To promote good morals and quality education"

I want to thank the parents, the well-wishers and the dearest pupils for the varied contributions towards the successes in the school academic program and also ask you to continue because it is the contribution of all stake holders that makes a school what it is to be. I pray that the Almighty enables you to get more children and send them to Little Angels to make it a better school for tomorrow.

"PREPARING FOR THE FUTURE"

**MR. ELIAS OBUYEIJIA**

*Director Of Studies.*

## Message From The SCHOOL BURSAR

I congratulate Little Angels Primary and the Directors upon reaching this milestone. I thank the Lord so much for the far He has brought us. The Bursar's office appreciates all the stakeholders that is, parents and guardians who have been in partnership with us since time in memorial and we too promise to serve you more as per your expectations.

We appreciate our parents who prioritize school fees and pay it in time and encourage those who delay pay to adjust and give school fees a priority.

### FEES STRUCTURE

|                              |           |
|------------------------------|-----------|
| P7 Class (All Boarders)      | 653,500/= |
| All Boarders (Nursery – P.6) | 583,500/= |

### SCHOOL PAY

This is the method of paying school fees using Mobile Money. It is safe, secure and convenient. MTN Uganda (\*165\*4\*3\*2\*1#) Student code, enter pin. Then AIRTEL Uganda (\*185\*6\*2\*1#) Student code, enter pin. Please note that Student Codes are always put on pupils' end of term reports or you can get them from the school.

**NOTE:** Always confirm the names of the child and school before you put the PIN to initiate the payment.

### SUPPLIERS

I take this opportunity thank you our esteemed suppliers of various items who support us in various ways by giving us goods and services then we pay later, without you, we wouldn't have reached this far. Lastly, I wish this institution many more successful years ahead. "An investment in knowledge pays the best interest" - Benjamin Franklin

Long live Little Angels Primary School; with God everything is possible, for God and my country.

## Message From The PUBLIC RELATIONS OFFICER

**D**ear Esteemed readers of “*The Pace Setters Magazine 2022*” with great pleasure and honour, allow me to thank the Almighty God for all the provisions of nature and all Little Angels Community for enabling a conducive learning environment and resources for the children which have tremendously led the school to greater academic excellence all class level and at Primary Leaving Examinations level.

My sincere thanks to the school proprietors; *Mr Niwagaba Alfred*, who is an inspiration to everyone at school for his unconditional love and encouraging words to the children and the entire community, *Ms Kanyesigye Patience*, what a lovely mother she is! She entails all the and desire to see children succeed in life, and *Ms Tumubweine Annie Bagira*, a darling to all Little Angels Community, you have loved us wholesomely. Your incomparable and unconditional love has always been unmatched. May God richly bless you.

And more special thanks to Ms Nahabwe Phionah, our administrator, who ensures all the school programs and academic excellence and non-academic affairs are managed at this institution.

The wellbeing of our Little Angels is catered for,

through giving balance diet, good accommodation, proper hygiene and physical activities to for proper hygienic standards.

Little Angels Primary School has been able to achieve all at school not just individuals but with a dedicated and motivated staff both teaching and nonteaching which is out to give the best to our children’s career needs and shaping them to become morally upright people with a strong spiritual foundation.

Little Angels is a home away from home. This is evidenced by extra care that the school give to the learners. We currently have a population of 680 children in the school both boarders and day scholars. Thank you parents for trusting us with your children.

My dear Little Angels lets strive to acquire knowledge and skills from our teachers which will help us to live holistically.

With God everything is possible.  
*“Preparing for the future”*

**MR. ATWIINE MARVIN**  
*Public Relations Officer*

*Message From The*  
**HEAD TEACHER - ANGELS' KINDERGARTEN**

**A**ngels' Kindergarten is a school developed from Little Angels Primary School and established in the year 2018 as a private day school.

The school started with a mission "To provide an articulate education environment with love, care, support and joy in order to enlighten the growth and potential abilities of every child". As a mixed school, we set a well-read motto "Preparing for the future"

Angels' Kindergarten, we undertake each child to reach his or her all round prospects in a supportive and safe environment.

The school is located along Muyenga Road, Rubaare Town Council, Ntungamo District. Our current enrolment stands at 102 pupils; 59 girls and 43 boys.

Angels' Kindergarten has a strong committed team that includes three directors; Mr Niwagaba Alfred, Ms Kanyesigye Patience and Ms Tumubweine Annie Bagira who are working tirelessly to make everything achievable at school, PTA and a competent staff that has well worked tremendously to address and shape children morally with strong spiritual foundation.

Lastly, I want to thank all the parents, teachers and other stake holders who are making our school shine. "A journey of a thousand miles starts with a single step".

With God everything is possible

*"Preparing for the future"*

## Message From The THE HEAD GIRL

**D**ear Esteemed readers, I welcome you to the PACE SETTERS magazine, I would like to start by talking how lovely Little Angels is and what is in the school.

In the first place, I would like to talk about the teachers and pupils, the teachers in our school care more than you can imagine, they advise us to work hard in class as well as out of class. They help us to move forward not only as an individual but also as a group, for we can never trade our school or our teachers for anything. I would also like to talk about the children's' body for their wonderful cooperation with teachers and prefects. They are always active in every day activity done.

More so about the prefectorial body of 2022, for we have worked hard to promote discipline, hospitality and always encouraged in our daily routine. We also make sure that children learn how to work with their fellows.

Furthermore, I must say that am indebted to the school administration and teachers for their moral support and parental advice that is rendered to us, which not only lead us into leadership victory but also transform us into responsible children.

More so, due to the parental care, a social support between children, teachers and parents respectively to each other has been established. This has enabled us to attain a social equilibrium which is an account for the perpetual peace and tranquility in the school. It is a humbling a responsibility to lead such a populous school with people from different backgrounds with a diversity of lifestyles and with different interests.

To my dear candidates; I am praying for you and I know that you will excel. I wish you the best of luck and God's blessings as you do your examinations and even after. So just do your best!

I would like to conclude by telling all parents, children and guardians that the school has served for twenty years and it's still leading as a model school nationally and internationally. To those who feel like joining Little Angels, please come and be part of us and you will never regret.

I thank you Directors, administrators and teachers for giving r this platform to exercise mu duty as a head girl. May the good Lord bless you abundantly, "Preparing for the future" for God and my country.  
God bless you all,  
God bless Little Angels Primary School,

**NAAMARA GENEVIVE**  
*Head Girl 2022-2023*

## Message From The THE HEAD BOY

**D**ear readers, it is a warm moment to have this yet first master of “The Pace Setters Magazine” which sets its own record as the most cherished in the Angels.

I immensely thank the administration for their profound hard work and commitment in producing writing skills to the public. Therefore, dear readers count this as a blessing to read articles from the minds of the highly intellectually gifted gallant Little Angels who believe that there is no one who can hold the candle up, hem in all aspects of life.

About leadership, it is a journey on a rough train with hills and slopes but worth travelling I may also call it a game that needs sober minds, steadfastness and being current, we pass through deep waters and challenges that are numerous which tried to bow down our success but finally we proved all these odd wrong and emerged victors on the finishing line.

I must say am indebted to the school administration and teachers for their moral support and parental advice that is rendered to us, which not only lead us into leadership victory but also transform us into responsible children.

More so, due to the parental care, a social support between children, teachers and parents respectively to each other has been established. This has enabled us to attain a social equilibrium which is an account for the perpetual peace and tranquility in the school. It is a humbling a responsibility to lead such a populous school with people from different backgrounds with a diversity of lifestyles and with different interests.

However, fellow prefects and I have managed to bring students body together to dance the same tune of “Preparing for the future” and “To promote good morals and quality education” which are the school motto and mission respectively.

My beloved prefects, I must assert that we placed our fingers right on the school piano and we play such right key that everyone in the school danced. I therefore recommend that we keep the candle burning.

We want to thank our dear paying school fees subscription, surely the parents love truly lights up life time with extended boundaries of understanding and a sound knowledge base acquired from this school. I’m sure am destined for excellence and so is very every child who passes through Little Angels Primary School.

Lastly dear teachers, children and administration, taking Little Angels Primary School as a sailing sheep, we are all captains and it is incumbent upon us to sail in the education and keep good bearing in mind that steps of a good man are ordered by God. Psalms 37:23 “The Lord directs the steps of godly. He delights in every detail of their lives. Though they stumble, the Lord will never fail, for the Lord holds them by the land.

Therefore, great thanks to Almighty God who lives beyond time and space, may He continue to bless us and keep the Glory of Little Angels Primary School, For God and my country.

God bless Little Angels Primary School.

“Preparing for the future”

**ATUKUNDA NEWTON**

*Head Boy 2022-2023*

## THE FIRST GIRL AT LITTLE ANGELS PRIMARY SCHOOL

I greet you all in the name of our Lord Jesus Christ; my name is NAMARA JUDITH NINSIIMA, an old girl of Little Angels Primary School: Class of 2008 (the school's pioneers). Was privileged to pioneer in lots things at this great school; I was the first girl in the boarding section (8 boys and myself) and the first school's head girl.

Today, it is with great humility that I accept the honor and privilege given to me to deliver this note on behalf of the old students as the school celebrates its 20th anniversary of existence.

First, we are grateful to the Almighty God for today and for the far he has brought us, moving from one step to another, indeed Ebenezer the lord has brought us from a far!

Our sincere gratitude goes to our parents who trusted this school to educate us small as it was then. To the school management, teachers both past and present thank you for doing a great job particularly allow me appreciate **Mr. Niwagaba Alfred** who has gone an extra mile to always be in our lives, we do not take that for granted any single day. Thank you so much for always opening the doors of your heart and office to us. We appreciate your remarkable and inspiring leadership skills in ensuring that we are better people. Please keep up and never get tired. We shall do you good and make you proud, we promise.

19 years ago my friends and I walked into this compound of our great school; little as we were, we came in not knowing what was in store for us but believing that we would have a good time. And we sure did. It is here at Little Angels Primary School that we built confidence, eloquence, discipline, tenacity and friendships. Allow me to take us down the memory lane while we recall the days of our little beginnings. We remember the days of having Sunday walks around the nearby villages, half term walks (our favorite), Christmas carols, fellowships, doing ministry in other schools etc. I can say confidently that categorically that we had a balanced view of education. I cannot fail to mention how our dearest teachers and caretakers (Matron Jane) always saw us as babies and pampered even when at fault, disciplined with mediation. They protected us that we became the envy of schools around us. We were unstoppable! We became the pace setters! 14 years ago I walked out of this the compound of our great school, ecstatic with the realization that I am not anymore daddy's little girl, but as a big girl who had gained admission into one of the best and most competitive secondary schools where I also gained so much.

My fellow old students can agree that at least we have all turned out well, into young ladies and gentlemen with great finesse and class. I believe that our young sisters and brothers are also following into our footsteps.

We were drilled, stretched, pruned, disciplined, we were challenged but we kept our dreams alive and 20 years after, we are here. Stronger! Wiser! We are bold to say that the

discipline of those years has still stayed with us. No wonder we are excelling at our different career paths, shattering glass ceilings, making business decisions, leading great minds and making a great impact on our generation.

Among us, we have professionals, entrepreneurs, CEOs, Business Owners across different industries in both private and public establishments within and across different countries.

We are proud to be part of this great school and profoundly grateful to be part of the set as we make history today. We have gained so much more than just an education from our school; hence we are here today to give back to the school that has done so much for us.

To our dear candidates; we are praying for you and we know that you will excel. We wish you the best of luck and God's blessings as you do your examinations and even after. So just do your best!

To the continuing pupils, you are in the best school; do not take that for granted. Challenge yourself to do better each time and to improve yourself with each step and you will excel. Remember you are preparing for the future and I can assure you that it will be bright.

Thank you.

HAPPY 20TH ANNIVERSARY AND LONG LIVE THE ANGELS, THE PACE SETTERS.

For God and My Country.

# THE CULTURAL GALA

## CULTURAL GALA IN MDD CLUB

Welcome to the "Pace Setters" It's our pleasure to share with you our dear OGS, OBS and parents We first give thanks to God who has enabled us to live up to this moment.

We have appeared in this Pace Setters, to share with you about Cultural galla in our school. This culture galla has enabled us to preserve culture and develop our talents. These cultural gallas are organised at Little Angels Primary School every year and before that, practice and get organised into house, Zion, Horeb, Sinai and Ararat. Pupils develop their talents through these competitions.

This year 2022, The competitions were done and people participated, whereby Sinai house won and they celebrated. Besides that they were given a very big gift (A GOLDEN TROPHY) and they organized a very big party to slaughter a very big goat. Pupils ate and they were about to burst. They showed their talents as of now they know how to preserve their culture.

We give all the thanks to Mr Ngabirano Francis who started this idea and later was replaced by Mr. Saul who always help us to keep our culture and develop our talents. "Preparing for the future"

LET'S ALL HOLD CULTURAL GALLAS IN OUR SCHOOL TO DEVELOP OUR TALENTS

# ANGEL'S CENTER

Children With Special Needs

## About us

12 years ago, Alfred and Rosemary Niwagaba gave birth to their second born Abryl Niwagaba who was born with Down Syndrome. Two years of raising Abryl opened their eyes to the realities and constraints of raising a child with a disability in a society with a deficiency of information about disability and other social services like health and education. This led to the birth of Angels' Center for children with special needs, a Non-profit organization that advocates for the health and education rights of children with special needs and ensures that caregivers are supported in coping with raising their children through psychosocial support and community based rehabilitation. For 10 years now Angels' Center continues to provide integrated service that include Provision of therapy, workforce development, inclusive education, early learning/special needs education, Advocacy and awareness creation as well as counseling and guidance for caregivers in the communities of wakiso district with the aim of improving the lives of children with special needs to be able to reach their life potentials.

Are you a parent, sister, brother or relative looking for a school for your son or daughter with a disability? Angels' Center is your one stop center that ensures a holistic growth environment for your children. We are located in Bulabakulu-Banda, Wakiso District off Hoima Road.

*"Every Child matters"*

**20** YEARS OF SIGNIFICANCY" As Angels' Center For Children with Special Needs, we wish to congratulate our Founder and Mentor (Mr. Alfred Niwagaba), Co-Directors, Pupils, Teaching and Non- Teaching staff, the Board and the entire Little Angels Community upon reaching this great milestone. We thank you for your continued dedication in nurturing children for their academic achievement and individual growth. Your 20 years of service are significant in the history of education in Uganda. we wish you more years of success and impact.

# South Western Institute for Policy and Advocacy (SOWIPA)

### ABOUT SOWIPA

South Western Institute for Policy and Advocacy (SOWIPA) is a policy research and advocacy organization formed to advocate for people centered policies and promote good governance and accountability for inclusive development in Uganda.

### OUR MISSION:

SOWIPA'S overall mission is to "promote pro-people economic growth policies and build local demand for accountability and good governance in South Western Uganda".

### OUR VISION

SOWIPA's vision is "To see the emergence of economically dynamically and politically active communities in South Western Uganda". SOWIPA's policy advocacy work helps to address the declining education standards, depressing health care conditions and deteriorating environmental conditions and climate change in the sub-region. We help local communities to access key economic resources such as micro- credit and advisory services and monitor the growth and functioning of civil society in the focus districts of South Western Uganda.

### OUR OBJECTIVES:

- ◆ Undertaking evidence- based research to advocate for pro-people policies with particular emphasis on Education, Health, Agriculture, Environment and Human Rights.
- ◆ Providing brokerage services to increase access to micro-credit and other financial services for local community partners and individuals.
- ◆ Providing technical and advisory services to local governments, and community based organizations to build the social and economic infrastructure for transformation.
- ◆ Monitoring implementation of actions designed to achieve the Sustainable Development Goals (SDGs) at the local level.

### OUR CORE VALUES

- ◆ Transparency & Accountability;
- ◆ Respect for Human Dignity;
- ◆ Integrity and Honesty;
- ◆ Gender Equality
- ◆ Innovation and Creativity

### STRATEGIC PROGRAMS

1. The Education Performance Accountability program:  
The program seeks to generate empirical data and analysis on the performance of students in the 10 districts. The project will consider key issues including inter-district comparisons of student performance, student numbers, budget allocations, etc on annual basis.

2. Local Government performance assessment, Budget analysis, and monitoring program.

This project seeks to independently monitor sectoral budget

allocations at the district level including tracking of financial allocations from the central government. The project also seeks to monitor and assess the performance of local councils and the general political arm in South Western Uganda. Information from this project is used to create and increase public demand for accountability on local government officials.

3. Micro-finance brokerage services initiatives:  
Under this program, SOWIPA will proactively seek to identify and connect community groups to essential micro-credit services. SOWIPA plays a role to advocate for key micro lending organizations such as Village Enterprise Fund, Kiva, Micro-Place to start lending communities and individuals in the target districts. In some of the cases, SOWIPA may become the Responsible party or the mentor for potential recipients.

4. Governance, Human Rights and Advocacy  
SOWIPA has continually mobilized citizens

in the region to know about their civic rights and responsibilities. In partnership with Local Governments, SOWIPA organizes advocacy meetings, Citizens Parliaments and Civic Education Clinics with the purpose of bridging the gap between leaders and citizens at all levels to discuss on different governance issues mainly in Education, Health, Agriculture, Environment and Human Rights. This approach creates an upward demand for accountability which is the only way to improve Service Delivery in achieving Uganda's Vision 2040.

## PUPILS' STORIES

### HEALTH AND SANITATION DEPARTMENT

Dear esteemed readers of pace setters volume 1 magazine, welcome to this tabulation and publication of the pace setters volume 1 magazine. As you enjoy while reading, do not forget to tackle the sanitation and health department at Little Angels Primary School.

Sanitation is important for all, helping to maintain health and increase life spans. However, it is especially important for children. Around the world, over 800 children under the age of five die every day from preventable diarrhoea related diseases caused by lack of access to clean and safe water, sanitation and hygiene.

In addition, diarrhea causes children to lose their appetites which can lead to malnutrition. Limited access to sanitation has become such a world wide problem for children suffering from stunted growth. This leads to irreversible physical and cognitive damage.

Sanitation is a vital piece of health and development around the world so for that matter therefore, I bring you online where you will learn the health typical skills of maintaining your health.

The health at Little Angels Primary School is a unique one as in consideration of standardized toilets, well cleaned compound, ever cleaned dormitories, teachers, all the championed by our beloved head teacher Ms. Nahabwe Phionah through buying brooms, detergents like liquid soap, brushes and many others.

Still about health, we have got safe impact water for all children to drink, the school nurse who is always alert taking care of children who are sick. So, our esteemed readers of our pace setters volume 1 magazine, I conclude by saying that being healthy is part and parcel of your life as it ensures proper cleanliness and physical fitness of your daily life.

MR. AMANYA ESTONE

*Head Of Health And Sanitation Department*

### INFORMATION IS MY ADVENTURE.

Hello readers, welcome to the Pace Setters magazine. Did you know that information/ acquiring news is also important in the whole world? How? It is because it updates us about what is happening in people's daily life and their culture.

Take an example, if information never existed, Uganda could not be as worldwide as it is because of its physical features and richness today, but because of early explorers who came had to take back all the information they had acquired from Uganda about its beautiful sceneries.

How I acquire news at school?

During the weekend, we are given some of the gadgets like phones and laptops in the office to search for what is happening around the world and country by use of internet. The school provides notebooks for the prefects especially us the information prefects to always collect news around the world.

About my school.

Reading news has made children confident in themselves because some of them want to be news reporters on big stations, but the problem is that they are sometimes shy and don't have hope of being that. The best school of all LITTLE ANGELS deals with such children step by step preparing the future for them. Some weekends, children are taken to radio stations for some programmes about education

Reading news improves on their reading skills in English and talking in public. That is why we request you guys, guardians and parents to bring your children to LITTLE ANGELS P/S because it has a degree in behaviour, kindness, intelligence and success. It will prepare a bright future for your children.

Preparing for the future.

By; **KASINGYE VIVIAN**

**AHEREZA DIRIAN**

**INFORMATION PREFECTS.**

### DISCIPLINE.

Hello readers, I hereby welcome you to the PACE SETTERS magazine of 2022. We are happy to have a chance to talk about the behaviour of pupils at Little Angels primary school.

Firstly, I would like to thank all teachers, parents and matrons that have managed to promote discipline in Little Angels primary school by teaching pupils how to do the right thing at the right place at the right time and with the right person. This has helped to improve on their performance in class and it has also promoted friendship and unity among pupils at school.

Secondly, the school is also trying to promote discipline among pupils by enforcing the rules and regulations of the school through prefects. However, some children who are undisciplined are punished by the teacher in charge of discipline Mr. Mugisha Gideon assisted by the prefects.

Lastly, we would like to encourage the parents always discipline their children for the better of their future. We wish LITTLE ANGELS primary school a happy 20th Anniversary. 'PREPARING FOR THE FUTURE' MAY GOD BE WITH YOU.

Compiled by; **Asimwe Isaiah P.6**

**Biryija Joshua P.6**

**DISCIPLINE PREFECTS.**

## PUPILS' STORIES

### RELIGION IS MY ADVENTURE

Hello dear readers, welcome to the pace setters magazine. I greet you in the name of God may the Lord be exalted on high for He is wonderful, marvelous and perfect.

This brings to you part of religion and briefly reveals the love of God. Here in Little Angels, we put God first always and we believe that He will always be there for us. Just as in Jeremiah 32:26, nothing is difficult for the LORD so surrender all to Him for He is mighty.

In our school, we always have morning and evening prayers and we also have Scripture Union weeks. Our beloved religious teacher sometimes takes us to church and at times we have a mass for Catholics.

It takes a special kind of man to answer Christ's call; to live by helping others and willing to do whatever is right regardless of the cost. Someone who knows that giving is a secret of living, and that steadfast faith is the best measure of a man. And I remind you that God is the man who can change your life from zero to hero and he can make the impossible to possible. In conclusion, continue to grow in the grace and knowledge of our Lord and Saviour Jesus Christ.

To him be the glory, may God bless you.

COMPLIED BY:

**AMPAIRE ISABEL P.6 ORANGE**

**AMUMPAIRE EDINAH P.6 ORANGE**

**RELIGIOUS PREFECTS.**

### MEMORY VERSES

Psalms 27:1

The Lord is my light and my salvation; whom shall I fear? The Lord is the strength of my life: of whom shall I be afraid?

Jeremiah 32:27

Behold, I am the Lord, the God of all flesh. Is there anything too hard for me?

Romans 1:16

For I am not ashamed of the gospel of Christ, for it is the power of God to salvation for everyone who believes, for Jew first and also for the Greek.

Hebrews 10:36

For you have need for endurance, so that after you have done the will of God, you may receive the promise.

Hebrews 10:32

But recall the former days in which, after you were illuminated, you endured a great struggle with sufferings.

John 15:1

I am the true vine, and my Father is the vinedresser.

John 15:5

I am the vine, you are the branches. He who abides in me, and I in him, bears much fruit, for without me, you can do nothing.

Proverbs 3:5

Trust in the Lord with all your heart and lean not on your own understanding

1 Timothy 6:12

Fight the good fight of faith, lay hold on eternal life, to which you were also called and have confessed the good confession in the presence of many witnesses.

## PUPILS' STORIES

### EVERYTHING IS A GIFT OF SCIENCE

Hello esteemed readers of the pace setters magazine volume 1, it's my great privilege to take part in the pace setters volume 1, I hope you're doing well.

What is science today?

Science today is the best servant but the worst master, that is to say, if you execute it properly you can get the best out of it but if you mess up you can bring trouble not only to yourself but also your neighbors.

Modern men's life is so much influenced by science that it is impossible to imagine life without it. The 20th century was primarily the age of science which affected every aspect of human life. Medicine, transport and communication systems not forgetting the manufacturing of the viruses, nuclear weapons and other aspects of everyday life has been revolutionized by science.

Besides this, there have been invention and introduction of various machines to replace human hands as well as to enhance production. From the toothbrush and the paste that you need in the morning when you wake up from the bed to the television set or music system that you enjoy at bed time, everything is the gift of science.

So, this is my appeal that everyone who still has a chance should threaten to become a scientist because science today is life.

At little angles, we have good and competent teachers of the science who are willing to serve with all the affection in order to produce the future scientists.

Let's love science, let's learn science in order to cause change to the world.

**By Mr. Byaruhanga Rodgers**

**Science Head Of Department.**

### THE THRILL OF BEING A DEBATER

On behalf of English department, I welcome our esteemed readers on board.

The opinion to start debating in Little Primary School was raised and spear headed by Mr. Niwagaba Alfred with the vision of making learners build fundamental pillar for both their academic struggle and to keep on having a great conviction pursuing a political career.

Having experienced thrill of talking on the stage every Thursday in Little Angels Primary school, believe me competitive debate has directly modeled the political world. In every real sense children who participate in debate a preparing themselves for citizenship and participation in political life of the society in which they live.

They learn to think critically, thinking critically doesn't mean finding faults but analyzing and sensitizing ideas. This enables debaters learn to go blow surface of an argument, articulate, unstated assumptions and test validity of ideas. They learn how ideas relate to each other, understand the importance of logical consistency and also think abstractly.

They are able to see that conflicts are not always about money, personal feelings or struggles for power although; they may seem to be the surface. Instead they learn that conflicts are animated by differences of values, vision and principles.

Debaters learn to think beyond their nose and to express themselves confidently in front of audience with no shame. There are also these values of participating in a debate; improving on four basic skills of language, right perspective of how to deal with their burning desire, attainment of ideologies for public leadership builds character, promotion of social cohesion and try to view the world through other people's perspective.

At times people become failure in life because they become silent about the things that matter. Speech and action are the real measure of intelligence and so do not miss out join DEBATE for a free offer.

FOR GOD AND MY COUNTRY

"PREPARING FOR THE FUTURE"

By Mr. Katwire Alfred

### TALENTS

Hello guys! This is Elizabeth and friends call me Liz  
Welcome to the pace setters magazine. It's a pleasure for us to write this article about talents. We are very happy to appear in it for the first time.

Here at Little Angels Primary School, we developed many talents like dancing, playing football, singing and debating. For me, the thing that took my interest was singing on special occasions.

As of now this has helped me to develop talent, singing even confidently in public.

Hello guys, this is Rinah and my friends call me Ria.  
Protocol observed, it is a pleasure to write to you OBS and OGS.

As for me I have written to tell you that my talent is running and truly love it. And other guys at school have talents like rapping, break dancing like Brave and Barack.

All in all, I thank the staff of little angels which has helped us to develop our Talents.

I would like to say thank you for whatever you have done for us. I call you to bring your siblings, children to be academic giants and to develop their talents.

Preparing for the future as our motto says.

**Compiled by**

**Ayesigwa Elizabeth and**

**Amutuhaire Rinah (Elinah)**

## PUPILS' STORIES

### FACTS ABOUT LIFE

1. Dear readers, we welcome you to the Pace setters magazine.
2. This article is all about facts of life
3. I am e and the only reason why you can't change me is because that's the real me .I am a big deal.
4. Every woman might not be a queen to their husbands but a princess to their fathers.Love your father.
5. I like it when you smile but I like it most when the reason is me.
6. Being happy doesn't mean everything is perfect Real.
7. If you think that hating me is the medicine, continue and finish the doze.
8. Everyone can love a flower but it takes a heart to love a leaf.
9. The world is amazing because we are different. My mummy told me not to change for every one, I swear I heard that.
10. Only God can turn the mess into a message, a test into a testimony, a trial into a triumph and a victim into a victor.
11. Avoid sharing your secrets with people who don't love you and wish you well.
12. Happiness is peace of mind.
13. Jesus is the source of peace. Try to be your parent's source of joy.
14. Nobody trains to backup.
15. There is nothing good that comes on a silver plate.
16. No matter how beautiful or handsome you are, don't forget that baboons, gorillas and monkeys attract tourists.
17. No matter how tall you are , you can never see tomorrow.
18. No matter how rich you are, you will still be buried in the soil..
19. Every time I feel stressed, I try to think and sometimes sing to myself but jeez ----hmmm---- i actually realize my voice is worth the stress. The best speed in life is 60, smiles per hour.

### FOOD

Many people start their speeches by thanking their administration and we have quite become accustomed to such a traditional and introduction. With all sincerity I salute in gratitude thewe back the administration for having supported and embraced the pupils' creative ideas throughout their endeavors to come up with the Pace Setters Magazine. My great joy and honors stem from the opportunity grant to me to salute you all our esteemed readers of the Pace Setters magazine 2022 Bravo! To Pace setters in fraternity.

More especially the editorial team for having worked tirelessly for the success of this magazine Back to the welfare department what would one do without a committed food given? That is why the teachers and prefects in charge ensure timely serving of the meals to pupils and staff The different foodstuffs served on different days are worth a very good hotel would Prepare With this I much believe that Little Angels stands among the best schools that have the greatest every day menu.

Wednesdays, Friday and Saturdays be the pupils special days due to the classy and delicious meals prepared Talk of the meat, rice, yellows, eggs, pine apples cassava, sweet potatoes yoghurt and motoke.

A healthy body, a healthy mind neither the Pace Setters nor the teachers would manage the class on an empty stomach. With this it will live to be a place of relief for the entire Community. The calmness maintained in the gigantic dining hall by the food prefects together with their colleagues.

### TIPS ON HOW TO GAIN ACADEMIC EXCELLENCE

1. Just stick to God no matter what.
2. You must have a good goal when at school.
3. You must be honest intellectually.
4. Feed your mind with things that matter.
5. Be fitted to particular goals or vision and research.
6. Do not undermine your potential because you can make it.
7. Have a deep eagerness to go in for learning.
8. Relate well with other people.
9. Be responsible over your life.
10. Live a good life that is below your standards.
11. Do not spend more than what you have.
12. Do not be a lover of money, many will but on condition.
13. Have friends who influence you positively.
14. Respect all teachers, copy notes, attend lessons and follow school programs.
15. Always remember that your decisions today are going to affect you in future.

### THE JOURNEY TO SUCCESS

The road to success is not "straight"

There is a curve called "Failure"

A loophole called "confusion"

Speed humps called "friends"

Caution lights called "family"

Your wheel has flat tyres called "Jobs"

#### BUT

If you have a spare wheel called "determination"

An engine called "perseverance"

Insurance called "faith"

A driver called "God"

Your wheel made it to a place called "success"

May God grant us success in the world t hroughout our life.

## GAMES AND SPORTS

Sport pertains to any form of Competitive physical activity or game that aims to use maintain or improve physical ability and skins while providing enjoyment to participants and in some cases. Entertainment to spectators. Sports can through casual or organized participation improve one's Physical health.

A game is a physical or mental activity or contest that has rules and that people do for pleasure. A sport is a contest or game in which people do certain physical activities according to a specific set of ruler and compete against each other importance of games and sports to pupils I students

Our body i like a machine a machine cannot work without oiling. In the same way our body cannot work properly without exercise, some people think that the aim of a student is to study only that games and sports are not necessary into him/her and some Say that games and sports are very necessary.

Games and sports are very necessary for us because only mental development is not sufficient for success but physical development is also assent .Hearth is the basic of success wit out health we have no charm in life games and sports are very useful for health they make the body for that keeps our body active.

Games and sports develop a sense of discipline in its students Discipline is the key to success in our life. A discipline Ram wins the game. They also teach children team spirit and co-operation.

Games and sports are good means of reaction they refresh the Lames and sports are good means of reaction! Body as well as mind when they live feels bored we play games. Games and sports make muscles of students strong & In conclusion, the use of games and sports are many they are of great educative value the important of sports is with education.

## PUPILS' STORIES

### HALF TERM WALK

Half term walk,  
That usually happens after visitation day,  
The weekend that follows that one of VD,  
A day that everyone enjoys most,  
A day full of fun and laughter,  
To all children of Little Angels Primary School,

Hey, Look at us,  
As we gather that Saturday Morning  
With all our face smiling,  
With our empty bottles,  
Taking them to be filled with soda and juice,  
Every one making his/her own choice,  
Fanta, Coca cola, mountain dew and juice,  
See the nursery children, So excited with their bottles filled  
Shaking sodas and the bottle tops getting off dew to pressure.

As we make lines in the school compound,  
Pouring ourselves with joy  
With the help of all teachers,  
As we set off in lines  
Going down to town

Hoooo. See what happened,  
Blocking all the cars, motorcycles and bicycles  
Everyone getting out of his/her shop  
Just to see the shinning angels in town  
Every vehicle was like pee, pee, pee

Look at us as we reach the fuel x petrol station  
Again blocking vehicles at the junction  
They are also like pee, pee, pee,  
As we cross, still in lines and with the help of the teachers  
Remember, everyone has a bottle full of soda.

Smartly walking along the side of the road

Guess where we were going  
Karegyeya, on top of the hills,  
Full of stones and fresh wind blowing  
And a beautiful scenery.

Time for climbing the hills comes  
As tourists climb the mountains  
Some children had drunk the soda  
Due to thirsty and tiredness  
Before we even reached our destination.

As we continue climbing  
There we see a stone quarrying site  
It was interesting to see machines crush the stones  
There we had our fast stop over  
And even posed for some photos

Look at us, as we finalize our journey  
On top of the hills of Karegyeya  
Some of us still happy and others not due to walking along  
journey  
Now time for taking our soda and bread  
As we enjoy the fresh and cold winds

Time for playing come  
Look at the teachers have fun with children  
Playing all kinds of games and music  
Laughing like never before  
What an interesting place Karegyeya is!

Time for going back to school comes  
As we slope down the hills  
With our stomachs full of bread and soda  
We really enjoyed the walk  
Though it became tiresome to some people.

*By Ms. Kyabagye Faith.*

### CHRISTIAN ETHICS

Given that education has the biggest issue in recent campaign; Little Angels Primary school has a mandate. The question is, with the vision at hand, do we have the courage to use it? (Hebrews 10:24) "Let us be concerned for one another to help one another, to show love and to do good. Let us not give up the habit of meeting together as some are doing, instead let us encourage one another all the more since you see that the day of the Lord is coming nearer"

Religiously the fiscal realities often force people to choose which schools to take their children. Thus as the pace setters, we have had an honest examination for the role religion plays in our school and how it compares with other extra activities in providing most effective educational returns and holistic living in our children.

In several areas, our children have acquired heart of being faithful to their religious doctrines through praying for themselves. This has been seen when holding morning and evening prayers every day in our school premises. It has also similarly provided positive impacts in terms of discipline. There is a little difference between the sacrifices made, lessons learned and efforts required for the staff to produce religious and faithful children and what goes into working together to achieve a particular goal. At Little Angels Primary School, "We live by faith not by sight". (2 Corinthians 5:7)

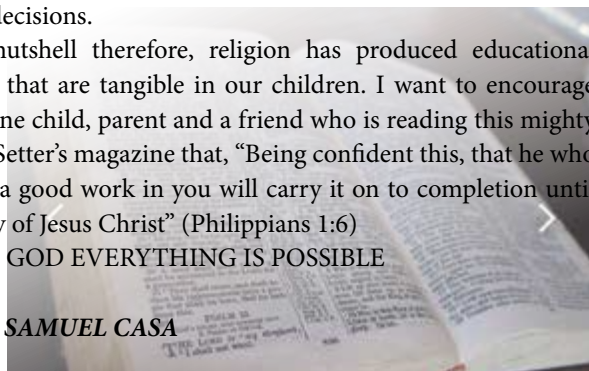

Furthermore, considering the broadest, most effective impact over the longest period of time and from an educational standpoint, religious ethics are far superior to the rest in our school.

Bible teaching (scripture sharing) on every morning assemblies has created a lifelong capacity in our children who even go ahead to be religious ambassadors in secondary schools they join after here. In short, religious activities have been a unifying factor to all members at Little Angels Primary School.

Both boys and girls can easily participate in scripture sharing, leading prayers and answering Bible quizzes confidently. This has offered great potential as a platform for instilling discipline and fear of God in our learners at a young age. It is effectively strengthening the brain functioning of our children in making good decisions.

In a nutshell therefore, religion has produced educational results that are tangible in our children. I want to encourage everyone child, parent and a friend who is reading this mighty "Pace Setter's magazine that, "Being confident this, that he who began a good work in you will carry it on to completion until the day of Jesus Christ" (Philippians 1:6)  
WITH GOD EVERYTHING IS POSSIBLE

**KATO SAMUEL CASA**

## LITTLE ANGELS PRIMARY SCHOOL @ 20 20 TH ANNIVERSARY POEM

Nurturing, Inspiring, Achieving success  
Working together we strive for the best  
20 years pass and we are still doing well.  
And yet we still cannot wait for end of day bell!

2002, the year of our school  
What a humble beginning!  
With one pupil, Aine Timothy the son to Director Patience in her home, Little Angels was born. Not forgetting Rodgers Niwagaba the son to Dr. Niwagaba, Isaac Akampurira son to Komuhangi Doreen and Vision Tumwesigye the son to Mrs Akandeeba Deborah who later joined and all in the hands of teacher Susan (May her soul rest in peace),  
Little Angels started to rise.  
What a humble beginning!  
With only two pupils in boarding, Namara Judith and Simon Musiime in Director Patience's house as a dormitory,  
Little angels started preparing the future for them

What a humble beginning!  
With director Anna coming in to give technical knowledge about schools and not forgetting Ms Muhiirwe Anna, as the first head teacher, followed by Mr. Nuwaga Alfred as the second headteacher,  
Little Angels started to rise and shine  
What a humble beginning!  
Friendly, smart teachers  
Greeting all who enter

Teaching all good work  
Caring all day long

Friendly helpers for the children  
Security is always assured  
We still love our learning, the lessons are cool.  
The teachers motivate us, driving us to succeed.

My greatest school Little Angels  
My heartfelt thanks to Little Angels  
Teachers are nice and caring.  
Good place for us to learn and grow.  
Preparing us well for the real world  
Supporting us to face the challenges of the world.  
A happy school full of love.  
Happy 20 th anniversary to Little Angels

This is the day the lord has made  
Let's rejoice and be glad in it.  
Food, drinks and games  
Parents, teachers and learners  
All in one place smiling away

Thank you "Mom" and thank you Dad" for  
Sending me to the best school of all.  
I will never trade my school for another.  
Because it is good for me forever  
Little Angels is our primary school  
FOR GOD AND MY COUNTRY

*Composed by:*  
**MR. AMANYA SAUL**

## MATHEMATICS

Something that jams our brains after looking at our deadly equation, affecting us with Einstein's theory which makes it looks impossible but is completely workable.

Don't look at an equation and feel like you have lost everything. Mathematics can never be complicated. It is just your job to tell yourself that you can do it and feel like you are the best of the best mathematicians.

People have decided to love Mathematics art and take it seriously to completely be scientists. Every single gadget in the world could not have come into existence Math's interference. It's just amazing. A person that drops this subject does not really want to know how good life is, as they say "Life without mathematics is not a real life at all". Scientists are now struggling for each other to live/her name in the "Gadget world".

Even a Little Angels pupil can dream of making his own car to the existence of mathematics. We encourage all of you out there, wherever you are, to embrace this wonderful subject which has become a dream for many. Thumbs up to our Mathematics teachers at school, who have all our children to feel welcome.

Let Mathematics World reign and be embraced by many. Have a nice time readers. "Preparing for the future"

**MR AKASINGURA MOSES KATO**  
*Head Of Department (Mathematics)*

## EDUCATION

I am so glad and very happy upon the chance to get a corner where I can write a profile about my department.

I do welcome you our dear readers to the pace setters magazine of 2022. A vote of thanks goes to the editorial team for the work done.

About education, we all know that without it there is no platform for one to speak, education has helped many people to thrive from nothing to fully respected personalities. Little Angels Primary School is a school that is growing fast in all grounds including academics and sports. In 2019, Little Angels Primary School was the best in Primary Leaving Examinations in the whole country with the best child as Abaasa Arise getting aggregate 4\*.

How I wish that every reader should join our community to let their future be a bright one.

Education is one of the most important things in our lives because it drives away the darkness of ignorance and it is the only school that teaches us the truth of everyday life. To our dear parents, please sacrifice for us, your children because education is a long term investment that will yield fruits later. To the children, while at school, study hard because parents struggle a lot to see that you excel. We hope you get inspired while exploring this educative part in the pace setters magazine.

May the Lord quest your prayers  
PREPARING FOR THE FUTURE

## Why Stanbic Bank invests in Uganda's education sector

By Samson Kamukama

There is a popular saying that many people and I, as a banker appreciate; 'An investment in knowledge pays the best interest'.

In regards to our purpose – Uganda is Our Home We Drive Her Growth – Stanbic Bank Uganda has over the years invested in products and activities that have had a positive impact on schools and communities in which it operates.

One such programme is the National Schools Championship (NSC). It was launched in 2016 in a bid to train and empower high school students across the country in entrepreneurship, financial literacy, and life skills.

The programme targets young and business like-minded school going children. Although NSC is implemented in secondary schools across Uganda, we also realize that lower and upper primary levels serve as a foundation for those targeted to benefit from it.

The programme molds beneficiaries into forward-thinking entrepreneurs who will later be able to solve community problems. Our implementation is against a backdrop of the prevailing national figures published by the Uganda Bureau of Statistics.

These indicate about 70% of Uganda's population is below the age of 24 with 83% of them largely unemployed, because they lack employable and business-related skills including graduates.

In its seventh year, the NSC has achieved notable milestones. As at the end of 2021, it had a total of 300,000 students impacted, 1,000 teachers gone through the trainings and 2,000 business ideas

generated. Just over 500 businesses are already on the ground and running.

We believe that once they step into secondary school, pupils of Little Angels Nursery and Primary School here in Ntungamo will be exposed to the benefits of this programme.

Beyond these efforts, Stanbic has over the years provided other solutions to parents and schools to achieve their dreams.

For instance, in January this year, the Bank announced the immediate availability of UGX60 billion in hugely discounted 'booster financing' to the education sector. This was aimed at supporting the nationwide reopening of schools after nearly two years of inactivity due to the Covid-19 pandemic induced lockdown measures. Under the discounted booster finance, schools were able to borrow up to UGX500 million in collateral-free (unsecured) loans to prepare their institutions for reopening.

Related to this, in April, 2022 the Bank introduced School Comprehensive Insurance (SCI). SCI provides cover against calamities such as fire and other natural disaster and protects school administrations against a range of risks including property damage, accidental injuries to learners and theft of their personal effects. The five main areas covered in the SCI scheme are material damage to school property, burglary of school property, and accident cover for students, public liability insurance and optional life/educational benefit. Buildings, furniture, fittings and fixtures as well as office equipment all fall under school property. The Bank also offers savings and investment solutions to parents and their children which are key for defining their future needs. Our doors are always open for your enquiries and to offer services of your choice. All these solutions and many more relate well with Sustainable Development Goals No.4 on education and No. 10 on reducing inequalities and others.

Congratulations to Little Angels PS for 20 years of preparing children for the future and I wish you success in the years to come.

**Mr. Kamukama is the Branch Manager for Stanbic Bank – Ntungamo**
